

## Public Order & CBRN Training and Operations Module

---

The Chronicle Public Order and CBRN Training and Operations Management Module is a unique skills and equipment management system designed in collaboration with police officers. It encompasses all aspects of Public Order and CBRN training and operations across a force, collaboration or region.

Linked to a standardised curriculum and national role profile, Chronicle Public Order captures all information required to assist forces in training and equipping Public Order and CBRN specialist staff.

Chronicle Public Order allows your force to capture required operational and occupational competence, ensuring compliance with NPCC role profiles which mandate minimum levels of annual operational exposure. Through Chronicle's integrated training planning and recording, your training managers are able to define future course requirements linked to strategic requirements.

### FEATURES AND BENEFITS GENERIC TO ALL CHRONICLE MODULES

**Designed in collaboration with police officers:**

Tailored to meet the operational demands of your force, collaboration or region.

**Robust audit trails:**

Provide fully auditable and accurate records for any investigation, thus protecting your officers and your force. Enable fast, cost-effective responses to FOI requests.

**Available on Police ICT and G-Cloud procurement frameworks:**

Save tender costs and streamline the procurement process whilst reducing your procurement risk.

**Feed critical capability & capacity data directly to NPoCC:**

Eliminate the need for spreadsheets and reduce the administrative burden. Save time and cost whilst providing accurate, real-time information.

**Skills exporter and interfaces available:**

Save time and cost by eliminating double-keying and ensuring data is consistent across systems.

Link skills to duties to ensure you have the right people with the right skills in the right place.
