Driver Management & Collisions Module

The Chronicle Driver Management and Collisions module is a training, refresher, planning, record keeping and compliance system helping you reduce risk to the public, staff and your organisation. Designed in collaboration with police officers, this module encompasses all aspects of Police driving.

Chronicle Driver Management tracks the individual training and refresher needs of all driving staff, across individual forces or collaborations, while providing their operational status to resource planners 24/7. It automatically sends notifications to inform drivers, supervisors and trainers when authorisations, licences or medical checks are due for renewal, ensuring staff remain competent and able to meet operational requirements.

The Collision part of the module allows forces to capture data and track all Police Collisions from a damage only to Forensic Collision Investigations. This part of the system will help your force achieve and maintain accreditation in ISO standards 17020 and 17025.

Pursuit recording is also available within the Driver Management module or it can be implemented as a standalone function to permit the recording and reporting of Pursuits only. The recording functionality is aligned to the National Pursuit Working Group form.

FEATURES AND BENEFITS GENERIC TO ALL CHRONICLE MODULES

Designed in collaboration with police officers:
Tailored to meet the operational demands of your force, collaboration or region.

Robust audit trails:
Provide fully auditable and accurate records for any investigation, thus protecting your officers and your force. Enable fast, cost-effective responses to FOI requests.

Available on Police ICT and G-Cloud procurement frameworks:
Save tender costs and streamline the procurement process whilst reducing your procurement risk.

Feed critical capability & capacity data directly to NPoCC:
Eliminate the need for spreadsheets and reduce the administrative burden. Save time and cost whilst providing accurate, real-time information.

Skills exporter and interfaces available:
Save time and cost by eliminating double-keying and ensuring data is consistent across systems.
Link skills to duties to ensure you have the right people with the right skills in the right place.

FEATURES AND BENEFITS SPECIFIC TO THE DRIVER MANAGEMENT & COLLISIONS MODULE

Instant 24/7 overview of currently competent staff linked to individual role profile	Instantly view capacity and capability across your entire force or collaboration Overview of all staff allows for identification of future training needs based on accurate data Save money by providing only necessary training
Notification of expiring licences sent to officers and other nominated recipients	Reduce individual and organisational risk by ensuring all drivers remain occupationally competent Increase public safety by ensuring all deployed officers are competent Reduce cost by ensuring you train only officers who need training Ensure maximum effective deployable workforce by ensuring officers remain competent to drive
Easy view training calendar for all courses and refreshers	Ensure appropriate trainer allocation for all courses and refreshers Avoid double booking of vehicles and trainers Easily plan and view all courses and refresher periods across all specialisms
Automatic calendar notification system	Highlight whether trainers, vehicles or students are double booked ensuring efficient use of resources Automatically send joining and pre-read instructions to maximise attendance and success Allow resource management units to place students on published courses and refreshers to enable them to maintain operational cover
Configurable role profiles	Ensure compliance with National Role Profiles Ensure compliance with local or regional STRA role profiles Amend or add new role profiles according to local, regional or national requirements
Training analysis	See how many training events you have delivered over a period of time Analyse pass and failure rates by different criteria Provide accurate training delivery data for internal review and FOI requests
Record instructor CPD	Ensure regulatory compliance Protect forces reputation by ensuring training is delivered by competent instructors Evidence instructor portfolios
